EDUCATION

Pranveer Singh Institute of Engineering and Technology	Kanpur, Uttar Pradesh
B.Tech - Computer Science and Engineering - CGPA - 6.69(till 5 th semester)	2023-Ongoing
Dayanand Dinanath Education Centre	Kanpur, Uttar Pradesh
CBSE - XII - Percentage - 83%	2020-21
CBSE - X - Percentage - 86.6%	2018-19

SKILLS

Languages: C/C++, Python, HTML, CSS, JavaScript, SQL

Technologies/Frameworks: HTML5, Tkinter, Pandas, Matplotlib, Data Analysis, Machine Learning

Developer Tools: VS CODE, PyCharm, Github, LaTeX, MySQLWorkbench, Ardeno IDE, Jupyter Notebook

Soft Skills: Problem Solving, Time Management, Adapatability, Communication, Leadership

INTERNSHIP

Mumkidz Private Limited	05/2026 - Current
Software Developer Engineer	Remote
- Built and maintained responsive pages across the company's childcare platform - including service, program, and contact pages - for an early-stage startup. - Set up the e-commerce and booking sections, configuring tiered childcare packages, product pages, and online enquiry/contact forms. - Performed cross-device and cross-browser testing, identifying and resolving layout and functional issues to improve the site's reliability and user experience.	

PROJECTS

Expense Tracker Python, SQL, PyInstaller	09/2024 - 10/2024
- Developed a desktop expense-tracking application in Python with a SQLite database, implementing full CRUD operations for adding, categorizing, editing, and deleting expense records. - Designed and queried a relational SQL schema to persist and aggregate expense data across sessions, generating category-wise spending summaries. - Packaged the app into a standalone Windows executable using PyInstaller, enabling installation-free distribution to end users.	
Personal Developer Portfolio HTML, CSS, JavaScript	01/2024 - 03/2024
- Designed and developed a fully responsive personal portfolio website to showcase machine learning projects and software engineering skills. - Implemented interactive UI components, featuring custom cursor trail effects and a cohesive blue-themed aesthetic for an enhanced user experience. - Deployed and managed the site hosting via GitHub Pages, ensuring reliable version control and continuous accessibility for mentors and recruiters.	

CERTIFICATIONS

Arduino Register Programming Course Udemy	February, 2024
Mastering Data Structure & Algorithms with C & C++ Udemy	April, 2025
Python for Data Science & ML Udemy	March, 2026

ACHIEVEMENTS

- Technical Team Head IGNITIA2k25
- 300+ Problems on Leetcode
- 4 Stars in HackerRank
